

# Eduard Petcu

## WordPress Developer

I am a web developer with expertise in creating **scalable, dynamic, and accessible** websites that are **easy to maintain** using WordPress, HTML, PHP, CSS and JavaScript. I specialize in delivering efficient, tailored solutions, ensuring quality, attention to detail, and a **focus on accessibility** for custom, multilingual, and migrated websites. Driven by a passion for continuous learning, I aim to add value and innovation to every project I undertake.
